## Our Association

### LIVE ART AS AN “ART DE VIVRE”

Since 1986, we have developed our expertise in a very special field: cultural tourism.

Our initial ambition is to live art as an « art de vivre », to lead participants by their hand on our trips and tell them a story: the story of a place, its population, its architecture and its culture in the broadest sense.

Our team of professionals works on demand, adapting and creating tours and tailor-made programs.

Cultural tourism, special events and incentives, marketing and communication to be integrated in your seminar or congress: from the guided tour to your cultural event, Itinéraires answers promptly in (almost) every language. Each proposal is adaptable to your wishes and the reality of your timing and objective.

## 1) Guided walking tour

*Ostend, its long sandy beach, its casino, its century-old tramway, its Albert I promenade facing the North Sea, its carnival, its lively nights on the Langestraat, its shrimp croquettes... This is a postcard of the town that was, at the beginning of the 20th century, the 'queen of beaches' on the Belgian coast. The royal family fell in love with Ostend and the rich bourgeoisie followed. Ostend became a sort of Flemish Monte Carlo, with a few mansions still visible and the 400 m long colonnade of the "royal galleries".*
