LIVE ART AS AN “ART DE VIVRE”

Since 1986, we have developed our expertise in a very special field: cultural tourism.

Our initial ambition is to live art as an « art de vivre », to lead participants by their hand on our trips and tell them a story: the story of a place, its population, its architecture and its culture in the broadest sense.

Our team of professionals works on demand, adapting and creating tours and tailor-made programs.

Cultural tourism, special events and incentives, marketing and communication to be integrated in your seminar or congress: from the guided tour to your cultural event, Itinéraires answers promptly in (almost) every language. Each proposal is adaptable to your wishes and the reality of your timing and objective.

Walking tour in Bruges

To visit Bruges is to imagine that the boats and carriages are not carrying tourists but German or Italian merchants who have come to sell spices from the East, wines from the Rhine, furs from Russia... It is to find in the animation of the quays the cosmopolitan city of the 16th century: the largest port in the world.

For one day, we will live in Bruges as Hanseatic merchants. After greeting the city's representatives in front of the belfry and the city hall, we will walk towards the burghers' lodge, the porters' lodge, the Genoese House,... It will then be time to go to the Stock Exchange. After a quick check of the fabric price, we will pay a visit to Peter Bladelin, treasurer of the Golden Fleece...
